### **"Comply or explain"**

Section 77a of the Financial Statements Act, which is covered by the Commercial Foundations Act (*Lov om erhvervsdrivende fonde*) states that foundations must include a report by the board of directors on foundation governance, cf. section 60 of the Commercial Foundations Act, in the management commentary or in the notes.

According to section 60 of the Commercial Foundations Act the report contains information on how the commercial foundation has addressed the Recommendations. The board of directors can choose to comply with the Recommendations or explain what they have chosen to do instead.

*Failure to comply with a Recommendation is **not** considered as a breach of rules but merely implies that the board of directors has chosen a different approach.*

Reporting must reflect the current type of management at the date of the annual report. In the event of significant changes during the year, or after the balance sheet date, this should be described in the report on foundation governance. It is important that board of directors consider the individual Recommendations.
